What is the Giant Step Teen Conference?

Giant Step is Michigan's longest-running conference promoting acceptance and tolerance in hundreds of diverse teens each year. Students talk, share and laugh in a day full of facilitated discussion and thought-provoking exercises. **They enter as strangers, but they leave as friends.** More than 3,700 teens have attended Giant Step since it started 33 years ago. Always free of charge thanks to our generous donors. (Like to help? Visit the website above to donate.)

95% of students said talking with teens from different backgrounds was interesting and educational.

92% said they talked about issues important to them.

84% said Giant Step improved their confidence in making life choices to lead to a better future.

80% will stay in touch with the new friends from Giant Step.

95% said Giant Step was a positive experience and they want their school to attend again.
