### What is the Giant Step Teen Conference?

Giant Step is Michigan's longest-running conference promoting acceptance and tolerance in hundreds of diverse teens each year. Students talk, share and laugh in a day full of facilitated discussion and thought-provoking exercises. **They enter as strangers, but they leave as friends.** More than 3,950 teens have attended Giant Step since it started 34 years ago. Always free of charge thanks to our generous donors. (Like to help? Visit the website above to donate.)

91% of students said "talking to teens from different backgrounds was interesting and educational."

92% said Giant Step improved their confidence in making life choices.

92% said Giant Step was a positive experience and their school should attend again.

72% will stay in touch with their new friends.
