MPSI REPORT

RESEARCH

Participants Needed

Research at MPSI continues throughout the pandemic, despite restrictions on in-person interactions. Many of our researchers have revisited their approach to create virtual avenues for participants to help them. Please take a look at the projects below to see if you might be interested in completing a survey or helping with a research study.

Parenting Young Children Check-Up Program

(Dr. Lucy McGoron)

Are you a parent of a child who is age 2, 3, 4 or 5? You may be eligible to be in a research project on the Parenting Young Children Check-up Program. To sign up to complete a screener to see if you are eligible, go to www.parenting-checkup.org/participate. You will receive \$5 for completing the screener phone call, and up to \$75 if you are eligible for the project and participate.

ABCD Study

(Dr. Hilary Marusak)

Parents and their 10-17 year-olds living in Detroit or the surrounding suburbs are invited to participate in a paid online survey about things that children and teens experience.

To learn more and get started, please visit

www.tinyurl.com/AB-CDteens.

The Migraine Study

(Dr. Julie Wargo Aikins)

If you are at least 18 years old, suffer from migraines – especially chronic migraines – and would like to help, please click the link to participate in an anonymous

30-40 minute survey. [Migraine Survey](#)

Wayne State PATH Study

(Drs. Hannah Schacter & Hilary Marusak)

Parents and their 10 to 14-year-olds living in Metro Detroit are invited to participate in a paid on-line survey about youth peer relationships and health! To learn more and get started,

please go to www.tinyurl.com/pathteen.
